

This is a compilation of questions and answers for the Architect & Engineering RFP:

1. Please explain the reason for needing company financials and explain what is meant by "current"

The request for financial information is based upon FEMA procurement regulations. *44 CFR § 13.36(b)(8) states "Grantees and subgrantees will make awards only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources."* The offeror shall furnish financial information at its own cost, which may include a Dun & Bradstreet report.

2. Why are driver's licenses needed for those who are submitting?

We will drop this requirement, firm will be responsible for personnel to have a valid drivers license.

3. How do we calculate the percentage of work for subcontractors when we have not been given the scope of work or extent of damage?

Please use a typical percentage for your firm for this type of work.

Bids will be opened at 11:00AM August 31st, 2011
